OTHER NOTES

Sail training courses are physically demanding. Our 110-foot topsail schooner operates in all weather, 24 hours a day. TRAINEE/INTERNS live in close quarters and are encouraged to participate in all ship routines and program activities (swimming, keeping watch, going aloft, performing emergency drills, maintenance work, etc.) It is essential for the safety of the TRAINEE/INTERN and the total ship's company that your son/daughter/ward be medically and psychologically fit.

Our ship is supplied with first aid equipment and our officers are certified to deliver emergency first aid. We also have satellite telephones and cellular phones aboard which allow us to communicate with medical personnel, if required. Nevertheless, **it is important to recognize that our ship is sometimes many hours away from acute care medical services.** If your son/daughter/ward/ has a pre-existing condition (diabetes, asthma, seizure disorder, etc.) which may require emergency care during a course, please consult your physician and disclose the condition (see below) before signing this release.

It is the policy of Sisters Under Sail to control the use of all medications (prescription and/or non-prescription) while your child is aboard ship. Therefore, all medications are to be placed in a labelled Ziploc baggie with instructions from you, her legal guardian. We do dispense seasickness medication as needed.

I have read the information above and completed the medical information form. To the best of my knowledge, my son/daughter/ward is in good health and able to participate fully in Sisters Under Sail's youth sail training program. I give my permission for Sisters Under Sail to contact the physicians named above if more medical information is required. In case of a medical emergency, I give my permission for the employees and agents of Sisters Under Sail to administer first aid, and if I am not available for consultation, to select a physician who will secure proper medical treatment (including examination, medication, treatment, anaesthesia or surgery) for my above named son/daughter/ward.

By signing this document I, _____ (parent/legal guardian of TRAINEE/INTERN), acknowledge that I have read and have provided accurate information regarding the TRAINEE/INTERN. I also acknowledge that I have read and understand the Sisters Under Sail Handbook.
